TASKBOARD

Product Backlog	In Progress	Completed
Sprint 4: Day1 User Story 1: As a user, I want to access expanded options, a live preview, dynamic real-time pricing, validated inputs, and improved UI styling.	Integration and testing	Advanced customization
Sprint 4: Day 2 User Story 2: As a developer, I want to debug and test the integrated frontend so that it can be production-ready.		
Sprint 4: Day3 User story 3: As an admin, I want to manage product listings and image uploads so that shop inventory is properly maintained.		Product Management
Sprint 4: Day 4 User story 4: As an admin, I want the frontend to be tested and deployed so that I can safely view the web application.	Review and deploy Frontend	

WALKTHROUGH

1. What do we need to do to advance this piece of work?	We need to get feedback from our supervisor about the frontend work we already have.
2. Is anyone working on anything that is not on the board?	No
3. What do we need to finish as a team?	Frontend deployment on Vercel.

4. Are there any bottlenecks or blockers to the flow of work?	No.

LOGBOOK

Date:	15/09/2026	
	1. What did I complete since the last standup?	I was editing the solution architecture.
	2. What am I planning to complete between now and the next standup?	I will be redeveloping the front-end product page
	3. What are my impediments (or risks or problems)?	Based on the feedback from our supervisor, we were told to use a light shade on the product page, not the color we used for the frontend. The problem was that we were trying to make sure that all the colors on our color palette are visible throughout the application

Date:	16/09/2026	
Wednesday	1. What did I complete since the last standup?	Redeveloping the product page.
	2. What am I planning to complete between now and the next standup?	I will be styling the product page to improve the look and feel of the application.
	M3. What are my impediments (or risks or problems)?	My personal computer has some technical issues, and it makes it a bit difficult to do tasks.

Date:	17/09/2026	
Thursday	1. What did I complete since the last standup?	Restyling the product page to improve the look and feel.
	2. What am I planning to complete between now and the next standup?	Pushing the product page to the GitHub personal and master branch of our organization.
	3. What are my impediments (or risks or problems)?	Pushing the frontend directly to the main branch might ruin the functionality of the existing system.

Date:	18/09/2026	
Friday	1. What did I complete since the last standup?	Pushing the product page to the GitHub personal and master branches of our organization
	2. What am I planning to complete between now and the next standup?	Testing how the product page works with the rest of the system.

	3. What are my impediments (or risks or problems)?	I am struggling to manage my time because of the work load.
